

The Smartest of Spring Styles

for the Purse-Prudent Woman

It's not an easy matter to assemble season after season, an individual line of smart coats and suits, but being fortunate enough to carry the Bischof line, we again cordially invite you to view our lovely offerings—and have no hesitation in saying that every style is one that will make instant appeal to the woman who values style-distinction.

Every coat and suit for Spring is refreshing in its originality—and the line is so varied, it permits of a wide selection.

The same style genius which has ever characterized Bischof Coats and Suits stands out effectively in the Spring models.

Every model is attractive. The fashionable Style Marts of the Country and the best Looms of the Land have been searched to produce smart styles for limited incomes.

The fabrics are entirely novel and embody that rare exclusiveness desired by smart women.

The styles are extremely "chic" and clever—

The colors simply radiate Spring

Sutton & McBee
The Clothcraft Store

Livingston

On last Friday night G. S. Griffin & Son's store was robbed. Entrance was gained at the back door by boring through the door just above the night latch and then slipping the bolt back. Several pairs of shoes were taken, a number of flash lights, some candy and other articles. Saturday, Mulligan's bloodhounds were brought here from Lexington, and they did a great deal of tracking but the goods could not be located. Later John Poynter was arrested and had his examining trial Tuesday, and was held over to the Grand Jury. It is the belief of several of the citizens that there is a gang operating around here, but to catch them is where the trouble rests. This is the second or third time this store has been robbed in the last year. Something should be done to stop it.—Mrs. W. M. Falias and son, Raymond, are visiting relatives in Louisville.—Mr. and Mrs. J. T. Omary and children have returned from a few days' visit with relatives in Louisville.—T. J. Pennington was in Mt. Vernon, Sunday.—Mrs. J. H. Browning, of Maywood, has returned home after a few days' visit with relatives here.—G. S. Griffin, after a two weeks tussle with measles, is able to leave his room.—J. W. Stephenson and crew, J. L. Pike, Wampus Devault and G. R. Chappe spent the night at Salt Pelter Cave. They all report a very pleasant night.—A man by the name of Ward, of Knoxville, gave five lectures here and we will say if there were a few such men scattered over the world Satan would have to go out of business and purgatory would be to rent in less than a year.—Miss Ella Mae Blanford has returned from Louisville, where she has been visiting relatives.—Atty. Ed Gentry, of Mt. Vernon, was here Tuesday in the Griffin and Poynter suit.—Mr. and Mrs. Fred Baker, of Mt.

Vernon, were with Mrs. Baker's parents Monday and Tuesday.—Sheriff Cain Mullins, of Mt. Vernon, was in our town Tuesday on business.—J. E. Woodall, London's wideawake salesman, was here Tuesday shaking hands with our merchants.—The Knoxville Booster Special passed through here Tuesday and made a fifteen minute stop, shaking hands with our citizens and receiving a hearty welcome to our town.—Mr. and Mrs. W. H. Cottongim were called to Pine Hill on account of the illness of Mr. Cottongim's sister.—One thing we noticed during the lectures, was that Baptist, Christians and Presbyterians all met at the same house of worship, and all took an active part. This is something all should be proud of for Christ says, "I am the vine and ye are the branches," and besides we are all striving for the same heaven. We can't see why we can't do this all the time, members of one church visit the other churches. The difference in the churches are not enough to keep us apart and if we have any prejudice lets lay it aside and go to hear all and prove that which is good.—The Walton Brothers, of Glasgow, Ky., sold several town lots here Tuesday on the Livingston heights. We learn that they went like hot cakes.—We would be glad to see a few items from the pen of our old friend James Maret. What has become of him? We don't believe that he has gone to Mexico chasing Villa, perhaps he is some where making Boone Way speeches. But let that be as it may, we want to hear from him, if only a line.—Wade Graves, of Mt. Vernon, the telephone man, was in our town Monday.

INSOMNIA

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere.

Langdon News

Langdon School was favored this week in having as a guest Mr. Evans, of Lebanon, Ky., who is Field Secretary of Christian Endeavor in all the Southern States. He conducted a C. E. Rally at the Christian Church, Tuesday night, and also a Junior C. E. Rally, Wednesday afternoon. Both were inspiring meetings. The Art Committee of the Woman's Club will hold a meeting at Langdon School, the subject being "German Art."

Next Tuesday a Presbyterian Missionary Meeting is to be held in Danville. The following delegates are to be sent from the C. E. Societies: Cecelia Walton, Ethel Hines, Nannie Taylor, Ruth Landrum, and Louise Landrum. Miss Newberry and Miss Stewart will also go.

The Battle Cry of Peace

Will be played at Boone Way Opera House, Mt. Vernon, April 20th. Matinee begins at 1:30 afternoon, night show at 8 o'clock. There is nine thousand feet of film. There will be only one show in afternoon and one at night.—So to get to see the complete show be sure to be on time. Admission, adults 50 cents, children twenty-five cents. The Battle Cry of Peace is more than a motion picture. It is a great national propaganda dealing with the most important problem that has confronted this nation since the civil war, the problem of America's unpreparedness. See this picture.

WHY CONSTIPATION INJURES

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.

Brodhead

Mr. and Mrs. John Cress, of Preachersville section, were the guests of Mr. and Mrs. A. M. Hiatt.—County Atty. E. R. Gentry, of Mt. Vernon, visited the Graded School last Friday and made a talk to the school during the chapel exercises. Prof. J. O. Scroggins was present also and made a short talk.—Dr. A. M. Steinberg is in East Bernstadt this week.—Mrs. O. R. Cass and Mrs. J. M. Roberts were in Mt. Vernon Monday between trains.—Mrs. F. L. Durham returned to her home in Mt. Vernon Monday after spending two weeks here on account of the illness of her brother, E. C. Watson.

Mr. and Mrs. J. C. Moore, of Mt. Vernon, were visiting the family of his brother, J. W. Moore, the first of the week.—Regular services were held at the Methodist church Sunday by the pastor.—Mrs. Walter Smith, of Crab Orchard, was visiting her parents here during the week.—I. R. Storms is spending the week in Laurel county looking after some business matters there.—J. Thos. Cherry was here from Crab Orchard Tuesday afternoon on business.—Mr. and Mrs. W. A. Robins have gone to housekeeping, having moved to the E. L. Brown property on Maple Ave.—The grizzly bear story told by the Livingston letter writer last week, and applied to us, in our judgement the joke will be reversed by the votes of the great common people next November, and it might appear that his smiles now are more enjoyed than they will be after the fight is over.—Chint Lear was in Mt. Vernon Tuesday between trains.—A. M. Hiatt and John Robins were in the Hiatt section the first of the week.

Willalla

We have a post office here only 3 days old. It was secured by the efforts of W. J. Brown, who is the post master. Mr. Brown came to Level Green 28 years ago as a rank stranger, and we took him in, and he has always since that time proven himself worthy of our confidence and respect. After graduating in the common schools of Rockcastle county, he was married to Miss Julia Cummings and to this union have been born two promising children, Vernon and Corena. Mr. Brown is a genial gentleman and is well known in this and surrounding counties, having operated roller mills at Science Hill, Crab Orchard, Brodhead and other points. Last September he bought the farm, store and undertaking establishment of Mr. P. Q. Griffin and now carries a \$5,000 stock of general merchandise and undertakers supplies. We have daily mail here which no doubt accommodates more people than any other country post office in the county. The new office and his big store are the talk of the community. May his success continue.

Mr. J. L. Thompson, our hustling stock trader, is buying hogs in this locality.—Mr. W. B. Poole and Miss Nettie Brown were married last Wednesday at the bride's home.—Miss Ethel Davis, of Mt. Vernon, was the week-end guest of Misses Dessie and Grace Thompson.—Sunday School at Poplar Grove is progressing nicely with Bro. Arson Lawrence as superintendent.—Miss Dessie Thompson is clerking in W. J. Brown's big store.—Mr. Joe Cummings traded a young mare to Mr. John McWilliams for two mules.—Deputy Sheriff Wade Livesay was through this locality recently collecting taxes.—The stork visited the home of "Buddy" Norton a few days since and left him a nine pound boy.—Mrs. Dora Cammins, who was operated upon a few weeks ago for cancer, is improving.—Dr. W. E. McWilliams was called to Ellisburg in Casey county to see his brother, Josiah McWilliams, who is very low with heart dropsy.

KNOXVILLE BOOSTERS

In Mt. Vernon.

The Knoxville boosters arrived Tuesday on schedule time and Mt. Vernon was out in full force and effect to give them a hearty welcome. They were a jolly and fine looking bunch and their short visit to Mt. Vernon made for them many new friends in Rockcastle's capital and we trust made for us friends among Knoxvilleians. On every side of Main street and in the show windows of every business house, swung welcome banners and the good old true Kentucky style, in which the Boosters were received, was conceded by every one of the one hundred boosters to be one of the most cordial welcomes accorded them on their entire trip. Both the Langdon Memorial and Graded schools dismissed for the occasion, and joined in a body, in the march. First the primary and first grade rooms of the Graded school sang a welcome song, followed by Atty. J. W. Brown, who in a few but well chosen words welcomed the Boosters to our city, pointing out to them the gate, the ingenious production of James Pinkerton, of the Signal force, which stood ajar and told them that every thing within was theirs and to use it as they liked. Judge H. B. Lindsay, Captain of the Booster speakers, said a few words and then presented Mr. C. C. Gilbert, of the Advisory Committee, who responded to the welcome address. The stay was so short that many things were left off, but as Judge Lindsay arose he saw the large banner suspended across Main street from Fish & Son's corner to U. G. Baker's corner, with the inscription, "Welcome to our City, Knoxville," he said that every Knoxville Booster must pass under that banner before leaving. Headed by the University of Tennessee Band, twenty-five in number, the march started, and it was here the moving picture man did his best although he had been busy from the time he landed in Mt. Vernon. These pictures will be shown at the Boone Way opera house within the next few weeks. With the Kentucky School song by the girls of Langdon School, the time had arrived to depart and the Boosters were soon aboard their special speeding on to Barbourville, where the next stop was to be made. Knoxville represents every industry and in some lines she is right up in first rank with the much larger cities and one beauty about that city, there is no go back but their motto is get better all the time. This is the first of what is to be an annual event with Knoxville's progressive business men, and whenever they turn their course toward Mt. Vernon again, they may expect the same cordial and hearty welcome accorded them on this, their first Trade Trip.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure by local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Why is the poor woman crying? Because, although a bride of but two short weeks, a cloud obscures the hon-ey-moon.

How did the cloud o-rig-in-ate? She asked her hus-band if he loved her still—

And the brute said she had never been still long enough for him to find out.

RUSSELL DYCHE, editor of Lon-
don Sentinel, is a man of his word.
It appears that a London woman
told him, after getting his promise
not to divulge her name, of a party
who had sold a pint of whiskey.
It is said the County Judge and
Mr. Dyche are both workers
against boot-leggers and thru his
paper Mr. Dyche had made some
strictures about the county officers
not enforcing the laws. By some
means, it is claimed the County
Judge learned of Mr. Dyche's po-
sition of having promised not to
divulge the name of the woman
who had given the above infor-
mation. The editor was ordered one
day last week to appear before
the Judge and upon his refusal to
give the name was fined \$3 and
sent to jail for six hours. Next
day the dose was repeated. A
release on habeas corpus did not
give relief. Was ordered back to
jail. In the meantime one of the
editors friends, who doubtless
knew the circumstances, tele-
phoned the lady, who is visiting
in an adjoining State, explaining
the situation and requesting her
to release the newspaper man from
his pledge. This was readily
agreed to and matters quickly ar-
ranged which caused the editor's
prompt release.

So many conflicting reports are
coming from Mexico, that it is
impossible to reconcile or deter-
mine as to accuracy. But taken
all together and doing the best
one can, it is hard to reach a de-
finite conclusion as to the progress
of the expedition that has been
chasing Villa. One of the recent
reports that is disturbing is the
alleged purpose of the recognized
Mexican authorities to limit the
time in which the pursuit of the
bandit leader may be continued.
If such a demand should be made
how will it be received at Wash-
ington? It has been said that
Carranza, in making such a de-
mand, if it is to be made, would
do it for the purpose of showing
the Mexican people that the
Americans had not come to Mex-
ico to stay. But as already said,
the news is so conflicting that
one can hardly tell what to be-
lieve, if any thing at all.

The Lancaster Central Record's
issue of last week commemorat-
ing its third of a century's exis-
tence was chock full of illustrations

Nearly all the past editors of that
good newspaper, including the
present one, along with R. L. El-
kin, the live business manager.

an article for the issue.

He is afraid Alf Williams would
get a small slice so he slyly in-

Enoch Grehan, of the Lexing-

Lost Five Years From His Life A Man Tells

Remarkable Story Told by Ohio
Man Who Has Been Restored
by Tanlac.

"I have been able to work only
about six months each year for
the past ten years.

"But I haven't lost a days work
since I began to take Tanlac."
This is the statement of David
R. Case, of Mt. Healthy, near Cin-
cinnati.

These two short sentences con-
tain as high a tribute as can be
paid to a medicine. Tanlac is
literally putting money into David
R. Case's pocket every day. He
can count its value to him in dol-
lars and cents.

"Six months a year for ten
years." To the average man this
means thousands. It may mean
the difference between want and
plenty. It means five years out
of a man's life.

Mr. Case's story will strike
home to thousands.

"I suffered from a stomach
trouble so serious that I could
not work more than six months
out of a year for the past ten
years," he said. "There would be
dull, constant pains in my stomach
and shooting pains in my breast
back and arms.

"Everything I ate seemed to
disagree with me. I discontinued
drinking coffee for a year, out
that made no difference in my
condition. I simply could not get
anything that benefited me.

"I saw the remarkable praise
Tanlac was winning, and more in
desperation than anything else, I
decided to try it. I believe that
I would be shirking a real duty
if I failed to tell my story, re-
markable as it may seem.

"I have now used two bottles
of Tanlac. My appetite has re-
turned, and I sleep well. The
pains are rare now, and best of
all, I can work all the time. I
feel stronger than I have in years
"Tanlac has done worlds for
me. It has doubled my income."

It is human nature for Mr.
Case to believe that he is the ex-
ception and not the rule, but his
story really is not a great deal dif-
ferent from the statements of
many thousands.

There is no remedy that acts as
favorably on ailments of the stom-
ach, liver and kidneys and on cat-
arrhal affections as does Tanlac,
which is now being introduced in
Mt. Vernon, at the Drug Store of
Chas. C. Davis, also at Central
Drug Co., Livingston, and John
Robins' Drug Store, Brodhead,
W. M. Owens' store, Burr, Lyne
Bros., Crab Orchard, S. E. Welch
Beres,
where the Tanlac Man is daily ex-
plaining its merits and the results
that may be expected from its
use.

IN DAYS TO COME.

In days to come, we plan great
deeds,
And lose the golden now;
In days to come, we mean to act,
But we forget the vow.

In days to come, we think we see,
A harvest rich and rare;
In days to come, we vain would
reap,

No ripened grain is there.

In days to come, we'll dream fond
dreams,

And think them really true;
In days to come, they'll melt away
As swift as morning dew,

In days to come, we'll treasures
heap,

In store for many years;

In days to come, they'll vanish all,
And leave us only tears.

And yet, in days to come there'll
be,

More joy than misery;

For in the days to come you'll see,
Faith, Hope and Charity.

DENTAL WORK DONE

I will be in Brodhead again on April 17, 1916, for a few days only. M. K. PENNINGTON, Dentist.

For over a quarter of a century Fish's have been selling good clothes in Rockcastle and they want to show you that new Easter outfit you are going to buy.

There will be a two days public discussion at Mareburg, April 22-23, between Evangelist J. L. Davis and Rev. I. G. Soward. Those who would be interested in such a discussion are cordially invited to attend. The debate begins at 10:30 o'clock a. m.

"TOM NOE" STREET —To prevent mistakes, misunderstandings, "ruckshaws" and other unpleasant situations, we suggest that "Noe" street, in the Asher addition, be named "Tom Noe" street. Should any one say that he lives on Noe street, the next question would naturally be, "then where do you live if on no street?"

State Senator Charles Montgomery, of Casey county is expected to cast his hat in the ring for the Democratic nomination for Congress from the Eighth District, which is now and has been for several terms represented by Hon. Harvey Helm, of Stanford. Senator Montgomery is very popular and if he gets into the game "The Tall Sycamore of The St Asaph" will have his hands full.

The Fiscal Court met last week and set the levy for 1916. The levy is as follows: General purposes 30 cents and \$1.00 poll. Schools 20 cents and 50 cents poll. Bond issue 20 cents and for roads 10 cents, making a total of 80 cts. for county purposes. To this is added 50 cents for the State making the ad valorem tax \$1.30 and the poll tax \$1.50. Under the levy there is only 30 cents levied for roads and bond issue, and we want to call the attention of the tax payers, that you have been paying, 25 and 30 cents road tax for a good many years and so far as the roads are concerned what is there to show for it? At no time in the last fifteen years has the road tax been less than 20 cents. Even though the very worst should come, as some have predicted, on the bond issue, the tax payers of Rockcastle can be none the worse off, and if we only get a few miles of pikes the county will be that much better than it has ever been before. But we contend that with the proper management that there is no reason why the county, with the use of the bond issue and the State fund, cannot have the four pikes just as it has been claimed all the time.

There are other good cars but the Ford is best.

See Fish's to day about that new Easter outfit.

We have always imagined that P. T. Barnum was at one time a business man in a small town, for it was he who was said to have coined the phrase, "The public likes to be humbugged."

We always think of Barnum whenever we see a crowd gather around a street corner fakir and pay him their good money for stuff that a local business house would not dare try to sell. Yet there are hundreds of people swindled by every fakir who comes along, and remains anxious to give the next one still more of their money.

Consistency of business Mr. Man or Mr. Woman, should show you that you will always get better values from your home merchant than will ever be given you by any one else. The home firm has its reputation to maintain. Heed the invitation of men you know.

The business of J. P. E. Drummond, one of Livingston's most successful merchants, has grown to such proportions that he is compelled to add new quarters. His stock of Dry goods, shoes, men's and ladies' furnishings, etc. is being moved from their present location to the Calloway store house opposite Graded school building. The high class grocery department will remain in its present location next door to post office. Mr. J. N. Clark will be in charge of the new store, and Mr. Ben H. Hillard will remain at the grocery. Yearly sales at this store has reached twenty-five thousand dollars a year. It is claimed that some of the prices at this establishment is just a little higher than are made by others, but the class of merchandise handled is the kind that gives satisfaction and it is well known that quality remains long after the price is forgotten. These stores will continue the same successful policy that has built up a thriving trade. "Goods taken back where customer is not satisfied."

Vernon and Line Creek routes, while Magistrates Hurst and McGuire and Chasteen voted for the Level Green route. Squire Sowder then asked for a survey of both routes, but the motion lost.

SAFE MEDICINE FOR CHILDREN

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.

Facts That Can Not Be Denied

The FORD has more power in proportion to its weight than any car made. Its weight is 1500 pounds, its motor is 22½ horse power.

The Ford puts more tire service to the ground than any car; tires are 30x3½ rear, 30x3 front.

It costs less to maintain the Ford.

24000 well paid experts are employed in making the Ford

Henry Ford spent years that he might find a way to make a stronger, tougher steel. He succeeded. Each test that has been made between the Ford Vanadium Steel and the steel used in other cars show that the Ford Steel is over one-fourth the stronger. This is why the Ford Car is so light and yet so strong.

While other manufacturers are discarding the models they declared perfect one season for a car of even more boasted merits the next season, the Ford Company continues to make the Model T. Over one million Ford Chassis have been made exactly alike. To begin with the Ford was made right, engineers of world fame did it, did it to such a degree of perfection that changes have not been necessary. No motor runs more smoothly than the Ford Motor, no car is easier to drive.

Prices F.O.B. Detroit—Runabout \$400.00

SPRING

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold, damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved however, by applying Chamberlain's Liniment. Obtainable everywhere.
